\$2.50 Payable in Advance

Sportsmen Asked For Anglers' License Fee Now Complain That Funds Used For Other Purposes

Are Interior Streams Furnishing Fish Eggs For Outside And Not Securing Any

R. W. MacLeod, Supervisor of Fisheries, of New Westminster, is to meet the executive of the Vernon Fish and Game Association this evening, Thursday, to discuss the proposed necessary regulations and other subjects of interest to anglers. That there will be many topics brought forward at this conference was indicated at a general meeting of the association on Tuesday evening when resolutions were prepared for Mr. MacLeod's consideration. The meeting will be held at 8 p.m. in the Board of Trade room and visitors may attend.

What about the plans for fish rearing ponds? Where is the money collected from anglers' licenses being used? Is it true that, although there have been more fish eggs imported into B.C. than exported, that the Coast gets nearly all the imports and from the interior come nearly all the exports? Has any advantage been taken of the rotary screen proposal to save trout in irrigation ditches? What are officials planning for the eradication of coarse fish in this district? Will the absurd regulations governing the taking of kiskadees be rectified? These and many other questions, including the time honored refrain, "And what about the Shuswap Falls fish ladder?" were aired at the meeting.

Some of these topics do not come directly under Mr. MacLeod's supervision. As a Dominion government official for instance, he is not concerned with anglers' licenses collected by the provincial authorities. But local sportsmen are of the opinion that he will know what is transpiring, and may be able to inform them if such money, collected by the province, can be utilized by the Dominion officials in fish cultural programs.

When the license was established, it was understood that such funds collected would be used for the propagation of fish and along other lines which would benefit the sport.

"The money collected from fishing licenses is apparently being used for general purposes," declared E. Cliff, president of the association.

With regard to the letter from Deputy Minister of Fisheries William A. Found, stating that far more fish eggs have been imported into the province than exported, one of those attending the meeting remarked "hokey."

"What game fish were imported and where were they planted?" another asked.

It was pointed out that considerable numbers of Atlantic salmon and eastern brook trout had been brought in, which in turn gave rise to the expression of opinion that the islands get the large number of Atlantic salmon, accounting for the imports, while interior lakes are stripped to provide the exports.

"Mr. Found completely misses the point," it was stated, "and his letter is an incomplete answer to the question at the recent Kelowna convention of fish and game clubs that interior lakes are being robbed of their fish for export to other countries."

Fish Rearing Ponds
Another matter of interest was with regard to the proposed rearing ponds in the interior.

"A site at the park was considered ideal, with a proper percentage of running water," remarked Jack Woods. "The government sent its departmental engineers all over the country to inspect likely sites, and then we never hear anything more about it. That Mr. MacLeod should be asked to report on progress was the decision of the meeting."

Mabel Lake is feeling the effects of the installation of the dam at Shuswap Falls, declared Lumbly delegates (Continued on Page 5, Col. 5)

CROWD FRIGHTENED IN THEATRE HERE

Manager Bennett Reprimands Audience For Panic When Film Takes Fire

When 2,000 feet of film in the operating booth of the Empress Theatre caught the last Friday evening, many in the large audience took fright, momentary pandemonium ensued, and the doors were immediately jammed with struggling humanity.

No smoke escaped from the fire-proof booth and the majority of the theatre patrons were somewhat mystified as to the cause of the sudden rush for the doors.

Operators Mead and Dunn were able to rid their booth of smoke and in the space of 10 minutes the program continued with the main feature picture. A large portion of the crowd left the building but returned later.

From the platform, Manager Walter Bennett explained that even in the event of a serious blaze in the operating room there would be practically no danger of the flames escaping to the auditorium, and reprimanded those who had thoughtlessly precipitated a needless panic.

"The only danger on an occasion like this," he said, "is the panic caused by your own foolishness in crowding toward the doors."

HIGHWAY BETWEEN SALMON ARM AND SICAMOUS IN USE

Several Cars Make Trip Over Newly Constructed Road—In Fair Condition

SICAMOUS, B.C., Oct. 10.—The unofficial opening of the new highway, between here and Salmon Arm, took place during the week when several cars made a trip over the newly constructed road. The road is passable, and in fair condition. One way traffic between here and Mowich is the rule.

Perseverance And Ingenuity

Shown By Vernon Youth, Theos Lewis Is Commented On By Mayor Prowse When Model Coach Is Laid On Council Table—Completes Sales Of Lands In City

Theos Lewis, builder of a Fisher body coach which won him \$100 in a competition open to boys in Canada and the United States, was warmly congratulated by His Worship Mayor Prowse at the meeting of the City Council on Tuesday evening. The coach was laid on the table in the Council Chamber and several of the aldermen found pleasure in checking and wheeling it about, showing the wonderful nature of the construction and the glitter of gilt and splendor. His Worship said that the ingenuity and unflinching purpose of the builder would stand him in good stead in after years. Alderman Morley too was outspoken and the other members most appreciative. The carriage was left over night to be called for on Wednesday.

An offer of \$40 made by Chas. A. East for the purchase of lot 10, block 13, map 327, was accepted. The property is on 12th street at the corner of Pleasant Valley road. Annual taxes are \$16. Mr. East promises to excavate and build a house without delay.

Mrs. E. J. Calhoun's request that the lane between Schubert and North Streets at the rear of her property be gravelled, was referred to the Board of Works.

Gravel is being put on Lake Drive from the Monsees property to the city boundary, reported Ald. Bowman, chairman of the Board of Works. The gravel-pit operations have been discontinued and a number of lanes are being given a gravel coating.

Bulmans Limited has finished processing tomatoes and green beans, and Alderman Morley reported that following the finish of these operations he had given instructions to clean the sedimentation basins at the sewage disposal works. This had been done and all acids and pulp have been taken out. Mr. Bulman has agreed that in future no tomato pulp shall be permitted to go into the sewer and there should be no more difficulty like what has embarrassed them in the past. Driveways in the park are being graded.

Thanks were given the Vernon citizens who went on request to the airport and assisted a night landing by lighting the field with the headlights of their cars.

Tenders were opened for the installation of an oil switch on the pumping plant at the lake. The tender by J. M. Edgar was accepted.

The by-law which removed Taylor street from city maps was given a final reading. It is called the Taylor street declaration by-law.

Sale of lands was completed by another by-law. P. DeBono becomes the owner of lot 33, block 59, map 327 for \$75; James McGowan gets possession of lot 18, block 5, map 1229, for \$16; and C. Donnelly gets lot 47, map 459 for \$25. Part of block 474, block 3974, about 3½ acres, was sold to Anton Korpan for \$375.

HOPELESSNESS OF OUTLOOK FOR THE WORKING PEOPLE

Features of Life In England As Related To Rotarians By W. S. Atkinson

A vivid word picture of the hopelessness of the outlook for many thousands of the industrial workers in the north of England was drawn by W. S. Atkinson, Secretary of the Vernon School Board, addressing the members of the Rotary Club at the noonday luncheon on Tuesday.

Mr. and Mrs. Atkinson recently returned from a lengthy visit in England during which they had opportunity for observation of the conditions both in the north and south of England.

Communists have little or no following, said Mr. Atkinson, but the common people realize that they are being deceived and they are seeking for it. On the occasion of the passage of royalty through an industrial section the people crowded even hoping to see the royal train. They are loyal to the core.

In London and in the south of England there is a far different spirit. Tourist and holiday travel have almost died and there is a joyousness which is markedly absent in the north.

Mr. Atkinson was not impressed either with the way breadstuffs are handled, or with the appearances of the women. Marcellas are unknown. Waitresses in the restaurants present a dejected appearance and evidence by lack of attention to feminine adornment utter carelessness as to their personal charms. This he also noted among women in the positions of some responsibility in offices. Everywhere they smoke.

Other things such as the scarcity of telephones and bathrooms were the subject of comment. Altogether hearers gathered the impression that life for the average worker in England does not hold the attraction it does in Canada.

No Reference To Fruit Preference

VERNON, B.C., Oct. 13.—No reference whatever is made to fruit in the British preference announcement made at Ottawa. It is presumed that there is no change in agreements made at the time of the Ottawa conference.

Fruit shippers fear that this means that the arrangement regarding the preference being set aside on November 15 stands. They are hoping however that the preference may be made effective immediately to prevent further demoralization of markets due to U.S. shippers dumping apples in Britain.

Coming and Going

Dedication of Masonic Temple By Grand Lodge This Afternoon

Ancient Ceremonial With Due Pomp At 3 p.m.—First Regular Meet Tonight

Vernon's new Masonic Temple which was inspected with a good deal of admiration by many residents on Wednesday afternoon, will be formally dedicated at a ceremonial session of the Grand Lodge of British Columbia, commencing at 3 p.m. this afternoon.

Most Worshipful Grand Master J. E. Beck, of Vancouver, will be present and many other officers and members of Grand Lodge. Members of Masonic Lodges in the city and district are invited to attend and the occasion will be an historic one.

The building is divided into a lodge room on the main floor and a banquet hall downstairs, with the necessary ante-rooms, kitchen, etc. Indirect lighting lends a charm to the rooms which impresses every one.

The lodge room floor is covered with a special covering and as there are no windows opening off the lodge room, there is no occasion for hangings. The rooms are beautiful in their simplicity.

Ventilation is as near perfection as it can be in such a chamber. The air can be changed entirely every few minutes. Heating arrangements are such that fresh air mingles with the hot air from the furnace and circulates freely.

The banquet hall is equipped with tables which can be stowed away out of sight leaving the beauty of the hardwood floor and the ornate fireplace unmarred. A small kitchen and cloak room makes the Masonic Temple a model one strictly for Masonic purposes.

This evening the first meeting of Miriam Lodge A.F. & A.M. will be held in the new temple.

COUNCIL TO CONSIDER APPLICATIONS FOR POST OF CITY SOLICITOR

Five Practising Solicitors In Vernon To Be Acquainted With Vacancy

Five practising solicitors in Vernon are to be acquainted with the fact that the position of City Solicitor is vacant. Payment for the services of D. C. Tuck was made up to the day he disappeared; but not to Mr. Tuck, said City Clerk Edwards, when asked, and no one cared to press the subject.

When the vacancy was mentioned by Mayor Prowse it was suggested that the proper course to pursue was to declare the position vacant. This was done. Asked if there were any city documents among the former solicitor's papers, Mr. Edwards said he thought not, only a letter having to do with a matter between the city and the Water Controller. Mayor Prowse informed the Council that he had instructed Mr. Edwards to pick up any documents.

For the information of Ald. Hurt, Mr. Edwards said that formerly the fee paid was \$750 per annum. When the late Arthur Cochran died, the position was filled at a \$500 retainer.

Ald. Bowman expressed the opinion that they could get along till the Council is elected without a regular solicitor. Mr. Edwards asking advice as he needed it. Mayor Prowse strenuously objected to the city not having a legal consultant.

Applications will be considered probably on October 15.

KELOWNA CASE IS BEFORE SUPREME COURT OF CANADA

St. George P. and Gordon Baldwin Continue Legal Fight Following Motor Accident

Judgment was reserved by the Supreme Court of Canada last week in the appeal of St. George P. Baldwin and Gordon St. George Baldwin, of Kelowna, against a judgment of the British Columbia Court of Appeals, which set aside an award of damages granted them against W. Bell and William Hay, also of Kelowna.

The case bears upon an automobile accident in which serious injuries were sustained by St. George P. Baldwin when the motor car in which he was riding was grazed by a truck owned by Bell and driven by Hay. The first court awarded damages totalling \$3,330, but this was set aside by the Appeal Court of the province and was brought to the Supreme Court of Canada for final adjudication. The Hon. R. L. Maitland, K.C., is appearing for the plaintiffs.

VALLEY TEACHERS PLAN CONVENTION ON OCTOBER 27-29

Gathering At Armstrong—Opens With Public Meeting And Prominent Speakers

Armstrong is to be the scene of the fourteenth annual convention of the Okanagan Valley Teachers' Association on Thursday evening, Friday, and Saturday, October 27 to 29.

At a public meeting on Thursday evening it is planned to have several outstanding speakers in attendance. Friday will be given over to sectional meetings and general sessions addressed by the inspectors and other educational experts, and a social gathering has been arranged for the evening.

On Saturday the annual business meeting will be held, which will likely prove one of the most important in the history of the association.

In the evening, at Vernon, it is anticipated that a great many of the teachers will attend the annual U.B.C. reunion with regard to which a Vernon committee is now drafting plans.

Because of the convention the Department of Education has granted a school holiday on Thursday afternoon, October 27, and the following Friday.

FLYER LANDS BY AID OF LIGHTS OF MOTOR CARS

N. E. Waite, Seattle, Makes Safe Landing Through Courtesy of Motorists

With only the lights of a large number of motor cars parked on the local airport to guide him, Pilot N. E. Waite landed his Travelair here in pitch darkness at 6:30 p.m. Sunday.

The Seattle pilot, who was the first to land here this year, and was in the valley's only air accident when his plane was forced down near Sumnerland in July, is well known in the Okanagan. Among his friends here was H. W. Caldwell, of Everett, Wash., a student pilot.

Mr. Waite had a difficult flight from the Coast. In western Washington he encountered thick smoke screens from numerous forest fires, and was later forced down at an airport which he found was not the one he intended.

In an effort to accommodate him, a large number of Vernon motorists drove to the airport and were lined up on both sides of the runways, their headlights playing at an angle which showed the landing plane, so that there would be no glare for the pilot.

As Mr. Waite is quite used to the contours of the landing field, he was thus able to land easily and safely.

Mr. Waite planned to leave Wednesday on the return trip to the Coast, but the weather report, indicating low temperatures, heavy rain, and fog from Portland and Seattle north, prompted him to alter his plans.

CHALLENGES GOVERNMENT

VANCOUVER, B.C., Oct. 13.—Placing the responsibility squarely on the shoulders of Provincial Government authorities, the North Shore district council today put 300 unemployed men to work although finances are exhausted. This action was wired to Hon. J. W. Jones, Minister of Finance, who is notified that the government must advance funds.

KINSMEN CLUB LADIES' NIGHT

National Ballroom Is Scene Of Annual Banquet And Dance Wednesday Evening

Wednesday evening was "ladies' night" for the Kinsmen Club, when an enjoyable banquet and dance was held in the National Ballroom. Vocal selections during the evening were given by George Jacques, Pergus Muires, Leigh Hughes, Dan Campbell, and Steve Temple, and the Kin orchestra contributed several selections. George Jacques led the community singing, while J. H. Reid was master of ceremonies for the dance. Phil Sterling, President of the club, presided at the banquet and welcomed the fair visitors.

Celery Growers Suffer Severe Loss By Frost: Cartel Reduces Price on McIntosh Apples, Bulk

CITY COUNCIL IS APPRECIATIVE OF FIREMEN'S EFFORT

In Fighting Blaze At Lumby When Called On To Help Their Neighbors

Fire Chief Kent, on invitation by Ald. Swift, chairman of the Fire Committee, explained to the City Council on Tuesday night the circumstances under which the Vernon Fire Department went to Lumby to fight the fire which destroyed so much property there on the morning of Saturday, October 8. A resolution was passed tendering the thanks of the city to the Fire Chief and his men for the prompt response and efficient service. It was made clear that response to a fire call from outside the city is not obligatory but rests with the Fire Chief.

The call was put in, said Chief Kent, by Chas. Bloom at Lumby. Mr. Bloom said, "Joe, we've got a bad fire, bring the fire engine, what you can do for us." They left the fire hall with nine men, leaving four in the hall on duty. Other firemen, informed by the telephone central, who has been very good in rousing firemen, went out themselves and all helped in fighting the blaze. In all, about 14 men showed up at Lumby. They left Vernon about 4:30 a.m. and had streams playing on the fire about 5 a.m. Ald. Hurt said he had heard that they were only 30 minutes going the 16 miles and hooking up the hose. The Fire Chief said he could not say positively as they had no watches, travelling in night suits. They had good pressure on the two lines of hose.

The bill is for \$88.72, plus a bill from Shillam's garage of \$40.15. A portion of Shillam's bill the Chief said, was for putting a cap on the truck that never had been on, but should have been. The charges are to be segregated.

The Chief said it appeared to him as if the truck is a built-up one. Bill of cost are to be sent to the fire adjusters, to the underwriters and to Mr. Bloom.

Ald. Wilde reported that his committee has secured the material and asked the Council to approve the expenditure for labor to put in a new fire hydrant at Bulmans Limited. The labor cost he estimates at \$175. Also to replace old water meter at Geo. Heggie's place on the B.X. Approval was given.

Dissatisfaction with a price offered for the pump, fittings and motor in the park, was expressed by Ald. Wilde. The Chairman of the Water Works said Cyril Parkhurst offered \$500 for the equipment, all but the meter. He had no use for the meter for the pump.

Ald. Wilde said he understood the motor cost the city about \$1,000. Ald. Morley said the equipment cost the city about \$2,500. The offer will not be accepted and the equipment will be removed and stored with the city stores.

COMMUNITY CHEST AT ARMSTRONG IS SCHEME SUGGESTED

Women's Institute Endorses Proposal As Best Means of Securing Effective Distribution

ARMSTRONG, B.C., Oct. 11.—The proposal to carry on relief in Armstrong by means of a central community chest, the funds for the same to be administered by those persons who from their official position are most closely in touch with the necessities of each case, was further considered at the meeting of the directors of the Armstrong Women's Institute on Saturday afternoon. It was felt that if something of the kind could be arranged it would indeed be of great value in ensuring the most effective distribution of the total amount available, and the directors expressed their hearty appreciation of the principle involved, if it should be found possible to carry it out.

COCK PHEASANTS MAY BE KILLED 7 A.M. SATURDAY

Season Is Open For One Month Beginning October 15—Cease Fire At 4.30

At 7 o'clock next Saturday morning the pheasant shooting season will open, and with the reports that there are a good many of the birds in the district, it is expected that there will be a record number of sportsmen in action that morning.

Shooting opens at 7 a.m. each day and must conclude at 4:30 o'clock in the afternoon, and the season will be open until November 15. Four cock per day and 15 for the season is the bag limit. Hens must not be killed.

Hungarian partridges are not open in either the North or South Okanagan electoral districts, but there will be a week's season from October 15 to 22 in the Salmon Arm, Kamloops, and Similkameen districts. The bag limit is the same as for pheasants.

Ranchers and land owners are more than ever determined that they will not tolerate indiscriminate and unpermitted shooting on their properties.

For the first time in the history of game regulations the Lavington district is to have an open season on pheasants, from October 15 to October 31, both dates inclusive.

In former years the birds were not plentiful in that vicinity, but they are reported to be fairly numerous there now, and the abridged season has therefore been permitted this year.

In the Eagle Valley district a three day season has been endorsed by the Game Board, from October 15 to 17.

Nearly 13 Percent of Other Varieties Apples Have Moved To Market

Severe frost was experienced on Saturday morning throughout the length of the Okanagan Valley. From all points killing frosts are recorded. Some onions in sacks were damaged but mostly the effect was felt on the celery at Armstrong and wherever there were late tomatoes they were cut down. Flowers perished in the gardens.

Celery growers at Armstrong suffered severe loss. Estimates vary from 20 to 40 per cent. damage. In many instances the frost went down the stalks into the ground. The estimated late tonnage of between 700 and 800 tons is noticeably shrunk.

Returns from apple sales in the Old Country have not been at all satisfactory. This is attributed to the arrival there of huge shipments from the United States. The Celery line is evidently determined to use that market to the fullest extent so long as it remains open to them. The result is almost a collapse. Arrival of huge quantities will demoralize the market for some time.

Dull weather, bad roads and snow in some section of the Prairies have dulled demand from that quarter. Some roads are almost impassable and all markets are heavily loaded.

Reduce Prices Bulk Macs
Effective Wednesday, October 12 the cartel reduced the price on McIntosh in bulk, 113 and larger, natural run of grades, including household, in sizes 138 and larger to \$25.

The Jonathan movement is about half finished. The crop is running very heavy to export sizes.

A few Delicious have moved. This variety is also running heavy to X Fancy and Fancy.

Sales of onions are very slow only an occasional car is moving.

Big Movement To Store
Effect of movement of apples and onions is that storage of apples is now a big factor.

The cartel report to close of business on October 12, shows that of the total estimates on McIntosh excluding Creston and Kootenay is 1,243,655 boxes. Total box shipments to date are 753,093, or 60.5 per cent. Of these, 421,207 or 55.8 per cent. are to the domestic market and 331,886, or 26.7 per cent. is export. Of the total movement 56 per cent. has been to the domestic market and 44 per cent. export. The export market has taken the following percentage of sizes: 150 and larger, 30.9 (Continued on Page 5, Col. 3)

HOWE CONDUCTS ALL OPERATIONS HIS OWN PROPERTY

Picks, Packs, Ships, Sells Apples From 127 Acres On The Coldstream

Operations at the A. T. Howe packing house and orchards, this year, illustrates what may be done by a grower who has sufficient acreage. As is generally known, Mr. Howe has one of the largest, if not the largest, acreages of McIntosh apples in the Okanagan Valley. This year his crop though of about the usual size, was composed of a higher percentage of 100 per cent. color than for many years. Picking commenced on September 9, with a staff of 90 and finished on September 30. The 127 acres were fine combed and the apples were rushed to the packing house where another crew was at work. Here the apples were put through a wiping machine which gave them a shine that would put an Italian boot-black to shame.

As fast as they were picked and packed they were sold and there was a steady stream of apples from this centre to the markets on the prairies, overseas, and into the cold storage.

About a third of the Macs were shipped in bulk and about 8,000 boxes went into storage. Apples were put up only as Fancy, Cee grade, or in bulk, and 62 per cent. of the crop was Fancy with only 4 per cent. culs.

Operations were attended to completion by Russ Postill, and when the McIntosh were out of the way a start was made with Jonathans. Picking of this variety commenced on October 3, packing started on the 6th and will probably be finished for the season today.

A. T. Howe orchards are largely composed of McIntosh, Wealthies, Jonathans and Jonathans in apples, and Italian prunes. Mr. Howe is doing his own selling and apples are packed in boxes bearing his own labels.

With the completion of picking, packing and selling operations on the Howe property, the work of October will be turned to preparing for winter in the drying operations to the fattening of hogs for market, and the putting of the orchard properties into shape for the winter season.

CANNED GOODS ON DISPLAY MADE BY SCHOOL KIDDIES

Approximately 200 Jars Pickles, Jellies, Peaches, Tomatoes In Corner Window

A diversified display of various preserved foods, the work of Grades 4 and 5 in the Home Economics classes of the Vernon Elementary Schools, is shown in the window of the Vernon Hardware Company this week.

Approximately 200 jars comprise the exhibition. Canned tomatoes, peaches and plums, mustard and tomato pickle, cranberry jelly, and many other good things are included, and all types of jars and containers have been used.

This work, which has been prepared under the supervision of Miss Alice Stevens, has all been ordered, about half of it by the hospital and the remainder by private individuals.

BAD CONDITION OF DEEP CREEK DITCH

Large Number of Muskrats Aggravate Nuisance Is Report To Council

ARMSTRONG, B.C., Oct. 10.—The bad condition of the Deep Creek ditch, between the city of Armstrong and the head of Okanagan Lake north arm, was again brought to the attention of the Municipal Council at their meeting on Saturday. Reeve McCallan presiding. Page Brown waited on the Council, and informed them that J. H. Cross had told him that he was no longer qualified by appointment as Ditch Commissioner to clear out the ditch.

The ditch was in a very bad condition, he said, so that two or three days rain now would mean a repetition of the conditions that prevailed some months ago, when much damage was done to the low lying farms along the course of the creek. The mischief was aggravated by the large number of muskrats, which ridged the banks and let the water out, as well as eating the vegetables in the fields.

It was suggested that a permit might be obtained from Game Warden Still for the trapping of the muskrats. As to the question of responsibility for the clearing out, it was doubted whether the Council was any longer responsible for the condition of the creek, now that the debentures raised for the ditching of it had been paid off, though Councillor Shill expressed the opinion that any such work constructed by the Council was still the responsibility of the Council, unless there was a by-law turning it over to the owners. The Reeve said they had been advised that the agreement with the late Mrs. O'Keefe regarding it, in respect of that part of the creek below Otter Lake, had lapsed upon her death. He suggested that there should be a petition to the property owners and a petition to the Council to take action, when the cost of it could be charged to them. Mr. Page Brown said that some of those whose land contributed to the flow to the creek were not anxious to contribute to the clearing out, as they did not suffer, and some owners along the course of it in the city were actually benefitted by the holding up of the water. The Reeve said that if they could have a petition sent in promptly from those who wanted something done, it might be accomplished.

At the request of Horace Galbraith, acting as solicitor interested in the settlement of the dispute relative to the approach to the land owned by W. Beadle, at the north end of the municipality, the Reeve and Councillor Hornby were asked to examine into the matter further.

Resolution Not Endorsed

A resolution passed by the Pitt Meadows Municipal Council, asking the Provincial Government for relief from the burden of payment of the pension and other social service charges, did not meet with the approval of the Council, which was asked to concur with the same. A useful purpose was served, some of the members thought, by enabling the local authorities to keep alive upon such cases, and check against payment of the pension to some of them. Also it appeared that the Council was not liable in regard to any widows' pensions at the present time. The letter was received and filed.

He goes about with flowers stuck in his hat. Also he has been seen to pull straw out of stacks, and mix the straw with it. Such was the report made to the Council regarding the proceedings of a certain stranger, a temporary hired man in the district, of whose proceedings the neighbors were becoming very suspicious. A special committee was appointed to look into the matter, and see if the flower-picking is likely to prove in any way a public menace.

Some disposition was made of certain cases of alleged need for relief which were brought before the Council. The Reeve said it seemed likely that there would be a considerable demand for unemployment relief this coming winter, but they could not yet tell what help they would get in regard to it from the Government.

Memorial Day Service
Councillor Rochester was appointed to represent the Council on the Committee to make arrangements for the annual memorial day service, to be held on November 11th.

Completion was now reported of the organization of all the water districts in the municipality which had been formed to control the supplies received from the city main, so far as the granting of the necessary letters patent was concerned.

It was reported that a number of pieces of property reverts to the city had been offered at public auction last week, but only one of these was sold.

Turkey Shoot

A turkey shoot took place at Alex. Crawford's farm on Wednesday, the management supplying the 21 rifles. Six birds were shot for nine men competing for each bird. The scores were very poor at the outset, but improved with practice. Bill Caesar was the lucky winner of a couple of birds, and C. Pringle, Bob Main, K. Smith and J. Pringle were the other winners.

HARVEST THANKSGIVING SERVICE AT FALKLAND

The Rev. George Stewart Conducts Well Attended Services At Christ Church

FALKLAND, B.C., Oct. 10.—Harvest Thanksgiving services were held in Christ Church on Sunday afternoon at 11 a.m. and evening at 7.30 p.m. The Rev. George Stewart, officiating as usual. Both services were well attended. The church had been appropriately decorated for the occasion with fall fruits and flowers.

The Rev. A. Cook spent the week end at Armstrong conducting the services of the United Church of Canada, in connection with the Rev. S. D. Gibson, who took charge of this service for the day. Holding services at Hawthorn's Church, Okanagan and Penticton. The Ladies Auxiliary of the Anglican Church held their monthly meeting on Wednesday afternoon at 7.30 p.m. in the church hall. When the meeting was held for a short time to be held on next month.

The monthly meeting of the Penticton and District Community Association was held on Sunday evening at 7.30 p.m. in the church hall. The meeting was well attended. The ladies of the association were present, and a large number of guests. The meeting was held for a short time to be held on next month.

A musical service was held in the hall at Penticton on Sunday evening at 7.30 p.m. The service was held for a short time to be held on next month.

A musical service was held in the hall at Penticton on Sunday evening at 7.30 p.m. The service was held for a short time to be held on next month.

Hussars Battle in English Streets

MACHINE GUNS INVADE TOWN
No cause for alarm, folks, there's no lot or civil war or strike or anything. Just a harmless sham-battle in the Hampshire, Eng. Here we see a member of the 7th Hussars all set for trouble.

WOMENS INSTITUTE BRANCH FORMED AT EWING'S LANDING

Mrs. A. O. Pease Names President At Organization Meeting Last Thursday

EWING'S LANDING, B.C., Oct. 11.—Mrs. Hodges was hostess at Killiney to a number of local women on Thursday of last week, the object being to talk over the possibilities of forming a branch of the Women's Institute here. After discussing it fully with Mrs. Pease, who had obtained all particulars and circulars from headquarters, fourteen ladies signified their willingness to join. Directors are as follows: President, Mrs. A. O. Pease; Vice Presidents, Mrs. H. P. Hodges, Mrs. J. C. Duff-Waters, Mrs. E. E. C. Holmes; Secretary, Mrs. Bernard Wood. Tea was served later in the afternoon, followed by a social hour. The next meeting will be on the afternoon of October 20, at the farm, the home of Mrs. R. W. Ford.

The beautiful weather of the past week or two is giving way to frost, six degrees being registered at the lake on Sunday morning. The poplars are assuming their usual gorgeous colorings, and the atmosphere of autumn is settling over everything.

Mr. and Mrs. Haines and Peter Lawrence returned some days ago from a hunting trip in the Cariboo district. They report beautiful weather after the first few days, a thoroughly enjoyable time, with a good bag to boot.

Mrs. S. Lolly, of Vernon, is staying with Mrs. Hodges, at Killiney for a few days.

Mr. and Mrs. Harold Stringer bade farewell to their many friends on Monday last, when Mrs. Stringer left for her home at Revelstoke, after spending the summer in Mrs. Ford's house at Ewing's Landing. She and her father, Mr. Jelfs, have stayed on alone during the month of September while Mr. Stringer resumed his school duties at Revelstoke, the latter returning here for the week ends. Mr. Jelfs left on Monday's boat for the Coast. It is only a few days, as they are hoping to return to Ewing's next summer.

Mrs. Henry G. Wakefield and Miss Eva Wakefield spent the holiday week end at the Cottage.

SALMON VALLEY CLUB MEMBERS ENJOY SOCIAL

"League of Friends" Meets In Salmon Valley School On Friday Evening

SALMON VALLEY, B.C., Oct. 11.—An enjoyable social of games and singing was enjoyed at the meeting of the "League of Friends" at the Salmon Valley School on Friday evening. After supper was served a few more songs were sung. The meeting was well attended. The next meeting will be held at the Glenenna Hall on Friday, October 21.

Quite a number of young people in the valley proceeded to Silver Creek on Friday evening to attend the dance held there.

Mr. Bowles and son of Victoria, returned to their home last Tuesday after spending a few days in the valley.

Gordon Gray returned to his home in Armstrong on Tuesday after spending a few days in the valley visiting friends.

Miss Dorothy Preece of Vernon, with Mrs. McCreary and family, and also Mrs. King and son, arrived at Salmon Valley on Thursday at the home of Mrs. J. R. Preece on Thursday.

Mrs. W. F. Smith of Kamloops was visiting with her son, Charles W. F. Smith, and son, George, at Salmon Valley on Thursday. Mrs. Smith's daughter, Mrs. Walter Smith, is also visiting with them.

Mr. and Mrs. A. J. Heywood moved to Penticton on Sunday for the day, and will be returning home on Tuesday.

Mr. and Mrs. George H. Gamble of Armstrong spent Sunday and Monday with their parents, Mrs. J. F. Gamble and Mrs. J. H. Gamble.

W. A. A. Watson, of Vernon, was in the valley here recently.

HARVEST SEASON CELEBRATED BY MANY FUNCTIONS

Bishop Doull Consecrates Beautiful New Processional Cross At Pentiction Church

PENTITION, B.C., Oct. 10.—This week end in Pentiction was mainly devoted to Thanksgiving services and festivities. On Thursday the Anglican community held a chicken supper which was attended by over 200 people. A concert followed at which Mrs. Titchmarsh, Mrs. T. Daly, the Rev. H. Barret, the Junior W. A. choir, Miss Jessie Instowe, and Mrs. Lewis Smith's orchestra were among the performers. Short addresses were also given by the respective incumbents of the Anglican, United, Presbyterian and Baptist churches. Following the concert, chairs were cleared away and the young people enjoyed an hour's dancing.

Most of the churches held their Thanksgiving teas on Monday, Oct. 10, when the United Church gave a turkey feast followed by a concert.

Harvest festivals were celebrated on Sunday at most places of worship. The decorations were particularly attractive: dahlias and chrysanthemums being still in great beauty. The morning service at St. Saviour's Anglican Church, where the Bishop of the Diocese presided, was preceded by an impressive and interesting pre-service, in which Bishop Doull consecrated a beautiful new processional cross and two prie-dieus. The former is the gift of several donors in memory of "Father Pat," the Rev. H. Irwin, and the latter were presented by the members of the Church Boys' League and one of the churchwardens. The Bishop, in a few words of eulogy upon the noble and saintly character of the clergyman in whose memory the cross has been given, regretted there were not more memorials to one whose services were so valuable to this district during its early days of settlement; but mentioned that he will have the pleasure this week of consecrating a second memento at Windermere, in the form of a stone tablet. After the consecration, the cross was carried in procession through the church, followed by the choir, who had remained drawn up in front of the chancel during the pre-service.

To Help Unemployed
Many of the leading organizations in Pentiction are uniting to give a giant entertainment, which will include a dance on Thursday, October 20, the proceeds of which are to go to the relief of unemployment during the winter months. The baseball club staged a match on Sunday in aid of the same excellent cause.

On Thursday evening boxing and wrestling matches were held at the Legion Hall, which attracted a large audience. J. Strong, middleweight champion wrestler of Canada, beat E. Kruse, of Portland; and Babe Belanger of Princeton won against B. Francis, of Kamloops. The Legion celebrated Monday, Thanksgiving Day, with a dance.

Pentiction is to have six policemen under the new provincial arrangement which was to have come into force on Oct. 1. But, due to the postponement until October 15, Sergeant G. J. Duncan, Constable W. H. Hatcher, and W. Laird, who are already stationed here, will remain, supplemented by Constable S. L. Jeeves from Prince George, Constable T. M. Britton from Cascade, and W. McCulloch, from Nelson. Chief Anderson is to be transferred to Grand Forks and Constable C. G. Miller to Princeton.

A sharp frost was experienced here in the early morning of Sunday, and most people have "kissed their gardens good-bye."

The interdenominational mission to children which has been held this week in Pentiction, was widely attended. At the evening lectures held in the Ellis St. Parish Hall, a number of beautiful magic lantern pictures, some of them from well-known works of art and all descriptive of Biblical subjects, were exhibited. Mr. Ware has the knack of keeping the children quiet and interested. On Sunday he preached in the Presbyterian and Baptist churches.

CALGARY LIVESTOCK
CALGARY, Alta.—Beef trading at Calgary last week was draggy, with prices showing lower. Steers, choice heavy, \$2.50 to \$3.00; choice light, \$3.00 to \$3.50; good, \$2.50 to \$2.75; medium, \$2.25 to \$2.50; common, \$1.75 to \$2.25. Peachland Board Learns That Seepage Must be Reduced Before Loan For New Storage

F. G. deWolf, Superintendent of Irrigation Discusses the Water Situation

PEACHLAND, B.C., Oct. 9.—On Friday afternoon at 3 o'clock, the Water Board of the Irrigation District held a conference with Superintendent of Irrigation, F. G. deWolf. R. H. Harrington, chairman of the irrigation committee, put the case of the water trustees in wishing to build the secondary dam on the North Fork of Deep Creek.

He traced the history of irrigation affairs, showing that if there had been more storage in 1928 as he had tried for, that the disastrous drought of 1929 could never have occurred. Since then the diversion ditch had been constructed and this year it had to be shut off because the reservoir was overflowing. A secondary dam would have easily filled with the water that there was flowing in through this ditch.

In reply to a question from Mr. deWolf it was stated by Mr. Harrington that there was a carry over of seven feet, or approximately 250 acre feet. He did not anticipate a shortage next year, but wanted to have sufficient storage so that enough water could be carried over to avert a shortage in the case of three or four dry years in succession.

Considerable Loss From Seepage
Mr. deWolf questioned the seepage question very carefully and was told that there was an admitted loss of 38 per cent. from the main canal. Of this 14 per cent. was from the ditch and the rest from the flume. It had been the intention of the Trustees to

repair and coat the flumes this year but they had been too wet to do anything with. They assured the engineer that this work would be done next spring.

In replying to the request for a secondary dam, Mr. deWolf stated that it would be useless for him to recommend the building of this particular piece of work at this time with the admitted loss of water from seepage so great. He said that if he did so it would be turned down by the Water Office who would insist on the seepage being attended to before any more storage could be built. He advised that a systematic record of the water distributed to each owner be kept, so that an accurate report of the water actually being used on the land could be on file. He said that he was prepared to endorse a request for aid from the conservation fund for improvements to the system.

After some discussion it was decided to go ahead with the work of the dam at once, and request the Water Office for \$500 from the conservation fund for the betterment of the irrigation system.

Back Taxes
G. Lang brought up the question of back taxes. He said that the people had been holding off the payment of these taxes, hoping for the adoption of the Geddes report. Up to 1929 irrigation matters had been satisfactory, but since then they had been chaos. It was absolutely necessary for the Water Trustees to raise money locally to meet the costs of useful work. The Board would like to know if 1930 taxes could be included in the amortization scheme, along with the 1927, 1928 and 1929 taxes. Or as an alternative could they hold a tax sale and collect the 1930 taxes alone.

In reply Mr. deWolf said that he had no information regarding the taxes of 1930 and later, other than going in accordance with the Water Act. But as far as the taxes of 1927, 1928 and 1929 were concerned the government had wiped them out. The trustees of the irrigation district could either write them off also, or take what steps they deemed advisable to collect them. Authority for this was given by the ministers of finance and lands, who had explained that the act passed in 1930, when relief of 25 per cent. was granted on indebtedness, allowed for this interpretation.

As far as the other years were concerned he must only advise in accordance with the act, which stated that two years' taxes must be collected at the tax sale. If the Water Trustees wished to hold a tax sale for one year he suggested that they bring this up as a recommendation at the next convention.

The Water Board thanked Mr. deWolf for his attention to their problems and expressed satisfaction at the way in which various matters had been cleared up.

Grand Mistress Welcomed

The ladies of the Orange Lodge had the pleasure of entertaining Mrs. Leen, Grand Mistress of the Royal Orange Benevolent Association of British Columbia, and Mrs. McQuarrie, Grand Lecturer, at their meeting Tuesday evening, October 4, in the Municipal Hall, D. Sanborn, of Summerland, was also present and he motored the ladies to Summerland after the close of the meeting. Mrs. Leen and Mrs. McQuarrie have been making a tour of the province and visiting all the lodges. They spoke of the work done by the True Blue Orphanage in looking after homeless children. The local Lodge sent 15 boxes of apples out to the Orphanage this week.

A bulk car of mixed varieties of apples was shipped out Friday from the Walters' Ltd. packing house. This car cleaned up practically all of the odd varieties of apples.

There was a slight frost here Saturday night which touched some of the tomatoes on the benches, but so far nothing has been affected on the lake shore.

BURNS & Company Limited VERNON, B.C.

COLLECTION OF POLL TAX FROM WORKERS RESENTED

Particularly By Those Whose Earnings Have Been Unusually Small This Year

KELOWNA, B.C., Oct. 10.—Collection of the Road and Poll Tax has been proceeded with apace in Kelowna during the past few weeks, and naturally has aroused much hard feeling amongst those who have no respect for taxes of any kind. Unfortunately the tax collectors in their regular rounds of collection have had to take the \$7.00 from many workmen who are particularly in need of every cent they have been able to earn, and the deduction from their meagre earnings will cause the very real hardship in some cases the amount of nine has been given back to those families during the winter in the form of relief.

Kelowna Hospital is still suffering from a very real depression. Severe losses over operation have occurred throughout the current year and in only four months out of nine has there been a surplus over operating charges. In September there was a loss of over \$400 for the month. There has been a large decrease in the number of patients and of those admitted only a very small percentage are able to pay their charges for treatment, and it is believed that the month of October will show very little better result. The Hospital Board is continually looking for a way of decreasing expenses, and for new sources of revenue. On Thursday of this week, the Board is sponsoring a show at the Empress Theatre with the object of raising funds, and it is expected that other activities to be held during the winter months will help matters somewhat. At a meeting recently both the Girls' Hospital Auxiliary, and the Women's Hospital Auxiliary were appealed to for financial help and both organizations will do all they can.

The Gyro Club of Kelowna staged its annual amusement making event on Thursday last, when they sponsored a 48ers hoe down, in the Scout Hall, and the net results of their one night show was an enrichment of their funds for community service by an amount of \$509.38. This result was far in excess of their estimated net revenue, which shows the high esteem in which this organization is held by the community. The Scout Hall was most attractively decorated to make it representative of a dance hall of the 1849 period of history, and numerous booths of games of skill were well managed by real-looking 48ers. Dance-tunes by the Commanders Orchestra kept the floor full throughout the evening, and though it was intended to have only a few of the old-time dances interspersed among the modern steps, the crowd repeatedly demanded the picturesque and courtly square dances and minuets, etc., and would not stand for the introduction of modern steps. A controversial point before the holding of the hoe down was whether gambling games should be allowed or not, and it was found that by the entire elimination of games of chance, and allowing only games of skill, a very successful evening could be staged.

In the past, games of chance have always called forth criticism from some point of other, and the Gyros have done well to make such an excellent showing without these highly profitable sources of revenue. During the

The Week In Review

Tension over Germany's demands for arms equality with other nations was eased last week with the announcement that France had agreed to discuss the problems in London.

Far reaching reforms in British naval policy are planned, it is stated, involving the whole system of naval defence at home and overseas. They include the merging of the Atlantic and Mediterranean fleets, and a substantial increase in the defences of the Dominions.

When a lift crashed 1500 feet down a shaft at Plane Lane colliery, in Lancashire, on Tuesday, 19 miners met death.

The "grape strike" in Niagara peninsula has failed, it was generally conceded this week as cars of grapes were being shipped on consignment. The producers had been refraining from cutting the crop until the price of 15¢ per basket was obtained.

As a protest against low salmon prices offered by canneries, members of the British Columbia Fishermen's Protective Association propose a general strike.

China during the past week has apparently been seized with further internal strife. North, south, east, and west, thousands of soldiers waged civil war and rebellion.

The B.C. provincial government has sold an issue of \$4,000,000 five per cent. three year bonds in New York, to yield 6.30 in New York at 96½. This loan is for refunding purposes.

The Toronto Globe in a despatch from its Ottawa correspondent said on Tuesday that financial circles believed the Dominion government would shortly announce the flotation of a \$100,000,000 domestic bond issue bearing par interest at 4½ per cent.

Ratification of the St. Lawrence treaty with Canada before the Christmas recess of the United States Congress is considered very improbably by observers at Washington. After ratification by the United States Congress the treaty will be submitted to the parliament of Canada for ratification.

"Guarantees of improper signature" on bond transfers have rendered two Winnipeg banks liable for \$300,000 in connection with shortages in the University of Manitoba trust funds, and it is expected that civil action for the recovery of that amount will be launched. The Winnipeg Free Press of Saturday declared.

British Columbia lumber shipments to Great Britain for the first eight months of this year, which total 69 million feet, constitute an all time record, according to figures recently compiled.

Benny Leonard, former lightweight champion of the world, retired, technical knockout, from the third round of his fight with Jimmy McLarnin, fiery young Vancouver Irishman, in the sixth round of their bout at New York on Friday night.

Among the rank and file of all parties it is generally agreed that the session of Parliament which opened Ottawa last Thursday is the most important which Canada has faced in many years. Consideration of the Imperial Conference agreements, the Duff report on the railway situation, and the immediate of Bank Act changes and redistribution are regarded as adding unusual significance to this session.

As for redistribution is concerned, the total number of members will remain the same, at 245. Nova Scotia, however, will lose two members and New Brunswick one, while British Columbia will gain two members and Alberta one.

VOLLEYBALL PLAYERS TO ORGANIZE AT MEETING ON TUESDAY EVENING

Organization for another season will be the purpose of the meeting to be held by the Vernon Volleyball Association in the Board of Trade room next Tuesday evening, at 7:30 p.m.

Election of officers, presentation of last year's reports by the President, R. W. Kinnard, and the Secretary-Treasurer, H. D. Fritchard, and the drafting of arrangements for this season's teams and schedules, will be the business to be attended to.

Over 800 people entered the Scout Hall, and the gross receipts were just around one thousand dollars.

Severe frosts last week pretty well wiped out the entire remaining tomato crop and the early part of this week will see the last load of these delicious red berries arriving at the canneries, and the dwindling hopes of several hundred employees who have worked hard to earn a mere pittance to tide them over the winter. However, not all the canning operations are to be laid off just yet, as the Occidental Canning will have a short run on pumpkin, and after that may possibly process some apples.

Domestic Wine Elects Officers. The annual general meeting of the Domestic Wine & Spirits Association was held last Friday when election of officers for the coming year took place, those being: President, W. A. C. Bennett, Vice-Pres., P. Chapman, Directors, O. L. Jones, A. Macdonald, Dr. Underhill, R. W. Kinnard, J. Laidlaw.

Great pleasure was shown with the operations of the winter, and it was reported that the wine had been recovered by the time when they were first put on sale. There are at present 15,000 gallons of wine on hand and 500 gallons of more is being manufactured daily.

The Kelowna Badminton Club organized for the season at its meeting last week, when a good attendance of enthusiasts manifested another successful season. The treasurer's report showed the club to be on a good financial condition, and the election of officers resulted in the following: President, F. W. Davidson, Vice-Pres., M. Cummings, Sec. Treas., R. W. Kinnard, L. A. Smith, R. C. Jones, O. L. Jones, Mrs. W. Davidson, Miss M. F. Taylor. It was again decided to suspend the monthly subscription for the new members for the coming year. This will begin about October 15 and the usual one-day club members and non-members will be accepted.

Canadian Club Officers. The annual meeting of the Canadian Club of Kelowna was held recently and the new officers for the coming year were elected. Those being: President, F. W. Davidson, Vice-Pres., M. Cummings, Sec. Treas., R. W. Kinnard, L. A. Smith, R. C. Jones, O. L. Jones, Mrs. W. Davidson, Miss M. F. Taylor.

Rabies Reported in South. On account of rabies during the week, and in the Kelowna valley and south of the border, the Kelowna Board of Health is warning residents of the danger of this dread disease, and that it is a person's duty to see that his dog is vaccinated at the time of the disease.

Tender Crops All Killed By Frosts

Which Were General From Sicamous on the North To Cashmere in the State of Washington—Apple Prices in Old Country Will Firm When Rush Subsides

The first vegetable killing frost of last week followed by a very heavy one on Saturday night, which was general in scope reaching from Cashmere to Sicamous, and covering the whole territory where tomatoes and other sensitive plants are grown, according to the Markets Bulletin, issued by the Markets Branch, B.C. Department of Agriculture, in connection with the Dominion Fruit Branch, edited by J. A. Grant.

Weather has been ideal for harvesting fruits, and a very heavy movement is noticed streaming to packing houses everywhere. Jonathan and Delicious apples are now being picked, and owing to the present warm weather the late winter apples are ready to pick.

In Washington this condition is being met by the closing of High Schools so that the pupils can help save the crop. Apple shipments are at the peak, last week Washington shipped 1397 cars of apples, Oregon 144, and Idaho 263.

The present rush to market apples in the United Kingdom is responsible for the slip in prices, and this rush is not warranted in view of the following conditions—Nova Scotia's export crop is greatly reduced by recent misfortune. Ontario has little more than will supply her domestic market; Washington's crop is greatly reduced by worm injury, the leaving of apples on the trees, on the one hand, and the decision not to ship Cee grade apples this year. This scramble at all points to sell for immediate cash, at the time the British crop is being offered for sale, has resulted in a flooding of the market at the present time, and the logical outcome is a slump in prices.

The security of winter apples to supply the demand until the next crop is ready. We feel safe in predicting that after the present overload, all markets will strengthen and remain strong until the arrival of the Australian, New Zealand and South African crop, which is usually an encouraging factor.

Codling Moth Damage. During last week two cars of B.C. apples were condemned for codling moth worm in Vancouver. This is unusual; but, owing to the unfavorable mid-summer weather, which allowed a heavy second brood infestation, and as no late sprays have been used such as is done in Washington, there was nothing to check this late infestation. Shippers protested in a mild way the action of the Fruit Inspectors, but as the law is specific and does not favor home apples, the same course was pursued as is customary with imported apples.

We think this year's conditions will stir up interest in the need of the third spray being applied.

The Jonathan apple crop in Wenatchee district normally is from 2500 to 3000 cars. This year it will probably total 1500 to 1700 cars.

Fish Shipping Point Prices (as issued by the Cartel Committee) McIntosh Red: Ex. Per 115s to 150s, per box \$ 1.40 Per 115s to 150s, per box 1.25 Cee 115s to 150s, per box 1.00 Bulk 115s and larger, natural run, including Ex. Per, Per. Cee and H.H. per ton 25.00 No Houshold packed.

The next issue of the Markets Bulletin will be the last for this season, our vote for this purpose being exhausted.

WEDDING BELLS

French-Smith. Many in this city will be interested to learn of the marriage of Basil V. French, the son of Mr. and Mrs. Thomas French, and Miss Selma Smith, of Merritt, in Vancouver on Friday, October 7.

The groom, well known in the valley, was until about three months ago manager for the Union Oil Company at Merritt, but has been transferred to New Westminster, where the newly-wed couple will make their home in the future.

Mr. and Mrs. French left after the ceremony for Victoria and other Vancouver Island points, and are expected in Vernon today, Thursday, on a visit to Mr. French's parents.

While en route to the Coast to attend the ceremony, Mrs. French met the Misses Gladys and Pauline French met the bride at Merritt and accompanied her to Vancouver.

OBITUARY

Mrs. Mary MacLellan. ARMSTRONG, B.C., Oct. 11.—The death of Mrs. Mary MacLellan, aged 71, daughter of the late Mr. and Mrs. David MacLellan, of Armstrong, on Monday night at the residence of her son, Mrs. Thomas Young, of Spokan, Idaho, was announced by a telegram to her friends and acquaintances here in Armstrong and Vernon.

The late Mrs. MacLellan was the seventh and youngest daughter in the large family which also included three brothers, all well known, and highly esteemed in this part of the valley. A native of Scotland, she came to Canada with her family in 1860, and was married to Mr. David MacLellan, a native of Scotland, and after a course of study in the Coast, returned and took an appointment on the clerical staff of the Okanagan Company at Vernon, in whose employment she had remained until shortly before the time of her death.

She was deeply esteemed by all who knew her for the high principles of her disposition. She much makes the home from the family spirit which made more than three generations of the family. She was a devoted mother and a devoted wife, and her death is a great loss to the family.

Funeral services will be held at the Presbyterian Church, Armstrong, at 2 o'clock on Friday afternoon, and the interment will be at Armstrong cemetery.

OKANAGAN COWS ARE PROMINENT IN RECENT TESTS

Jerseys In Okanagan Valley Stand Well In Record of Performance

In the latest report issued from the office of the Secretary of the Canadian Jersey Cattle Club, Okanagan cows and heifers figure prominently in the list of Jerseys qualifying under the Record of Performance.

In the three year old class, for 365 days test, Yolande's Owl-Interest, 42485, owned by D. Leech, Salmon Arm, and sired by Yolande's Alligator, senior herd sire at A. T. Howe's Patricia Ranch, gave 8,260 pounds of milk, 461 of fat and tested 5.58 per cent. for the period.

In the two year old class, 365 days, Mercury's Lady Florence, 54990, owned by Harry Vanderburg, Summerland, gave 7,145 of milk, 465 of fat, and tested 6.51 per cent. In the same class, A. T. Howe, Vernon, had three finish, namely, Patricia Mildred, 51632, with 7,893 of milk; 407 of fat, testing 5.18; Janet's Violet, 43891, and Mount Ida Cowslip Janet's Ada, 56582, with 6,326 of milk, 379 of fat, testing 5.99 per cent., and 6,470 of milk, 377 of fat, testing 5.83 per cent., respectively.

In the mature, 305 day class, Springfield Ranch, Leavening, enters the list with two cows, Sunflower Girl, 42195, with 8,702 of milk, 492 of fat, testing 5.42 per cent., and Mary Bella's Avril, 57408, with 7,437 of milk, 398 of fat, and testing 5.35 per cent. Patricia Ranch, Vernon, had one, Owl's Fawn-etta of Morva, 25061, with 8,120 of milk, 366 of fat, testing 4.51 per cent.

In the three year old, 305 day class, Ladowne Peggie's Girl 3rd, 50727, for Robert Shannon, Summerland, gave 6,555 of milk, 357 of fat, and tested 5.45 per cent. Janet's Bud of Wood-cliff, 43490, for J. F. Moore, Armstrong, gave 7,060 of milk, 331 of fat, and tested 4.69 per cent.

In the two year old class is to be found H. C. Mallan's Wisdom's Wel-come, 51081, at Kelowna, standing in first place for all Canada in her class, with 8,703 of milk, 500 of fat, and testing 5.75 per cent. to give her a silver medal. Patricia Ranch, Vernon, had Patricia Daisy, 52641, in this class with 5,321 of milk, 312 of fat, and testing 5.98 per cent. A Salmon Arm heifer, Bertha's O. L. Daisy, 58735, owned by B. G. Harrington, gave 5,315 of milk, 288 of fat, and tested 5.42 per cent.

Town and District

Charles Foster, of Sicamous, was a visitor noted in Vernon last week.

Miss H. P. Mitchell, of Edmonton, is a visitor at the home of B. B. Bell.

Mrs. L. Orr Ewing left last week for England, where she will spend the winter.

E. R. F. Dodd spent the Thanksgiving week-end at the home of his father in Kelowna.

James Percy, of the National Hotel staff, has returned from a holiday spent at Spokane, Wash.

Mr. and Mrs. J. Scobie left last week for a short holiday trip to the Cariboo and are expected back in Vernon today, Thursday.

Thomas Clarke left on Wednesday to return to his home at Didsbury, Alta., after an extended visit in this city as the guest of his brother, Everard Clarke.

Rev. E. J. Springett, Dominion Secretary of the British Israel Federation of Canada, will deliver an address in All Saints' Parish Hall on Wednesday, Oct. 19.

W. T. Hunter, Fieldman of the Jersey Cattle Club for Western Canada, returned to Vernon last week after a business trip to Washington and Oregon.

Mr. and Mrs. Harry Miller, the Misses Dina, Hazel, and Viola Neil R. W. Neil, K. O. Fish and Walter Lefroy enjoyed the holiday week-end at Mabel Lake.

Mr. and Mrs. F. B. Cossitt returned by motor from the Coast on Wednesday. While in Vancouver Mr. Cossitt attended the sessions of the convention of the Liberal Association of British Columbia.

W. F. Cook, at the head of Okanagan Lake, has purchased a fine young purebred Jersey bull from Fred Cull. The grand-dam of this animal is completing a 365-day record which it is indicated will approximate 670 pounds of butterfat.

The Rt. Rev. A. J. Doull, Bishop of Kootenay, has been touring the diocese. Last Sunday he officiated at the Harvest Thanksgiving service of St. Saviour's Church, at Penticton, following which he proceeded east toward the Kootenays.

When E. J. Coltart, of Enderby, decided to buy a young pure bred registered Ayrshire sire, he did not communicate with eastern breeders but found what he wanted in the Halksworth Bros' herd, of Grindrod, and has recently completed the purchase of a splendid animal.

R. L. Trench, accompanied by R. Stockton, left last Friday for Vancouver. The former, with Mr. and Mrs. C. Hodgson sailed on the Royal Mail Liner "Dretchdyke" for England via the Panama Canal. Mr. Stockton returning to his home in this city on Monday.

Dr. and Mrs. Jenkin H. Davies, Mr. and Mrs. H. J. Phillips, Mrs. Daniel Day, Miss Hilda Cryderman, Miss Ella Richmond, Fergus Mutrie, and George Meredith constituted a party which motored to Salmon Arm on Monday evening to attend and contribute their talent at a United Church thanksgiving concert held there.

Twenty-four splendid children were examined at the Well Baby Clinic held in Nurse Martin's office at the Central School last Friday afternoon. Nurse Martin and Nurse Wilson were in charge and declare that all the infants were in splendid health, many of them far better than the standards stipulate. The clinic was sponsored by the Women's Institute.

CELERY GROWERS LOSE BY FROSTS

(Continued from Page One)

per cent.; 163, 284; 175 and smaller, 40.7 per cent.

Analysis of domestic movement of McIntosh shows B.C. has taken 3,930 boxes and 13,858 in bulk; Alberta, 19,461 in boxes and 100,602 in bulk; Saskatchewan, 20,248 in boxes and 131,469 in bulk; Manitoba, 26,597 in boxes, and 58,451 in bulk. Eastern Canada has taken in boxes only 46,691.

Excluding Creston and Kootenay, total cartel estimates of other varieties of apples is 2,293,081 boxes. Total shipments are 294,607, or 12.8 per cent. Of the shipments to date 84,413 or 3.6 per cent. is domestic and 210,194, or 9.2 per cent. is export. Of the actual shipments 28.6 per cent. is domestic and 71.4 per cent. is export.

Analysis of other variety cartel by variety follows. In the table Jonathans are 1, Rome Beauty, 2; Wagner, 3; Delicious, 4; Yellow Newtown, 5; Stayman Winesap, 6; Winesap, 7; Spitzenberg, 8; Winter Bannana, 9; Northern Spy, 10; Grimes Golden, 11; Golden Delicious, 12; Cox Orange, 13; Snow, 14; other varieties, 15:

Cartel	Est.	Dom.	Export	Sh'p'd

2,293,081	84,413	210,194	12.8	

Liquor prices will be reduced in Quebec as a result of the \$2 a gallon preference given Canada, by Britain.

Mrs. George Jacques left last Saturday on a trip to the Coast.

J. E. Reekie, of Kelowna, was a visitor noted in this city last week.

A. B. Godfrey has returned to Vernon after an extended visit at the Coast.

The Rev. J. L. Tatham, of Armstrong, was a visitor noted in Vernon on Tuesday.

T. Bulman returned to Vernon on Wednesday following a business trip to Vancouver.

Mrs. J. Stark is expected back in this city today after several months' absence in the Old Country.

Miss Lena Miller returned to Revelstoke on Tuesday, after spending a week visiting her mother in Vernon.

Mr. and Mrs. George Jacques had as their guests last week Mr. and Mrs. Jack McGregor, of Vancouver.

Miss Barbara Webster, of the Coldstream, left on Monday for McGill University, Montreal, where she will study physical education.

Mr. and Mrs. W. G. M. Hickman and Miss Norma Granger, of Nakusp, were week-end visitors at the home of Mr. and Mrs. C. E. Jesley in this city.

Mr. and Mrs. Hector Richmond returned by motor last week from Aspen Grove, Mr. Richmond having concluded his entomological work in that vicinity.

V. B. Robinson, and V. L. Stewart, manager of the Vancouver branch of the McEwen Ltd., advertising agents, were in Vernon this week interviewing shippers.

Miss M. M. Watson left on Tuesday for Toronto, where she will be the guests of her cousin, R. Home Smith. She expects to be away for about two weeks.

Ivor Solly, of the Bank of Montreal staff, has left on his holidays, part of which he will spend at the home of his father, the Rev. H. A. Solly, of Sumnerland, and part at the Coast.

P. H. Palmer, of Penticton, service engineer for the Northern Electric Company in the district between Kamloops and Rossland, was in Vernon this week, checking equipment at the Empress Theatre, following the fire.

Frank Valair returned on Thursday of last week after attending the convention of the Liberal Association of British Columbia at Vancouver. Dr. K. C. MacDonald and Jos. Harwood, also delegates from Vernon to the convention, returned on Saturday.

W. B. Higgins was presented with a 25-year veteran jewel by members of the Coldstream Lodge, Knights of Pythias, at a recent social gathering in this city when members of the Penticton and Enderby lodges were in attendance.

The interior of the main floor of the Hudson's Bay Company store presents a renovated appearance. Instead of various sections being practically isolated from each other as a result of counters and high merchandise displays, a re-arrangement has levelled off such barriers and the shopper can now glance easily across the entire floor.

While hunting on the west side of Swan Lake on Monday morning, Chief Clarke shot a fine "bald-headed" eagle with his shot-gun. The big bird, which had a 7½ feet wing spread, was apparently swooping for a kill when the Chief took aim. It was not easily dispatched, the shot only momentarily stunning it, and repeated blows with a stout stick were found necessary. Chief Clarke intends to have the splendid specimen, a female, mounted. While on the same shooting trip "Bobby" Clarke bagged two fine geese.

Miss Irene Campbell, as "Dutch Cleaner," was the winner in the bicycle parade contest staged by the Empress Theatre last Saturday afternoon. Bill Becker won the second prize and Joan Oliver was third. There were five decorated bicycles and the parade was led by a Shetland pony and old-fashioned trap, driven by Miss Beverly French. The cyclists paraded down Barnard Avenue to Railway Avenue and back again to the theatre. The three prizes in order were \$250, \$150 and an admission to the matinee performance.

NOTICE !

THE ANNUAL MEETING OF THE

Vernon Volleyball Association

will be held in the Board of Trade room, on

Tuesday, October 18th,

At 7.30 p.m.

All men interested are especially asked to attend this meeting. Your ideas are required.

SPORTSMEN ASKED ANGLERS' LICENSE

(Continued from Page One)

to the meeting. Not one third as many trout appear to be there now.

Literally thousands of trout were washed upon his land stated L. R. H. Nash, from irrigation leading from Goose Lake.

The young fish were likely carried from Aberdeen Lake. There is also large loss from Coldstream Creek irrigation water. These facts prompted the meeting to request that Mr. McLeod investigate the rotary screen proposal, an idea sponsored by George Cartell. They are being used extensively in Washington, various speakers remarked.

The meeting went on record as favoring an all year round open season for fishing on Okanagan Lake. At present March and April are closed.

Sale of Sporting Fish

The prohibition of the sale of sporting fish was a subject which provoked heated debate.

Mrs. Kenyon, of Ewing's Landing, proved a doughty champion of those who keep body and soul together by the sale of a few fish, caught in Okanagan Lake.

"Altogether too rosy a picture is painted of the amount of fish these men catch," she said. Quoting from her own experience she declared that her son had spent seven months fishing commercially, but on such a small scale that his total income in that regard had been only \$35. "There is not good fishing there," she stated frequently.

"All the more reason," interjected President Cliff, "that we put a stop to any further commercial catches."

Mrs. Kenyon denied that commercial fishing had depleted the fish in the lake, blaming the carp who eat the fish food, the catches of Indians in the creeks, and also, Ogopogo himself, for such diminution.

That the department should be more active in the eradication of coarse fish was a statement which apparently met with unanimity.

Action has already been obtained on the protest against spearing steelheads in Eagle River by the Indians, it was reported.

Want to Gaff Kikinnies

With regard to the regulations governing the taking of kikinnies, the meeting went on record as asking for permission to gaff the fish.

OKANAGAN COMMUNITY CLUB OPENS SESSION FOR WINTER SEASON

OKANAGAN LANDING, B. C., Oct. 10.—On Tuesday last Mrs. J. R. Ewing, of Cameron's Point, left for England to spend the winter, travelling via Panama Canal.

Miss Edith Bulwer, R.N., of Vernon, visited Mr. and Mrs. D. A. McBride, last week.

Mr. and Mrs. Jack Woods spent the holiday fishing at Mabel Lake.

Mrs. J. Weeks, of Penticton, spent last week with her sister, Mrs. W. F. Van Antwerp.

Quite a number of gardens were damaged last Friday night with the frost.

P. M. T. opened again last Wednesday. Mrs. Frank Choyaux was hostess for the first meeting.

Mrs. E. R. Munro, with Helen and Maurice, motored to Kamloops this week.

Church service was held here last Sunday, being conducted by L. King, of Lumby. It was Harvest Festival service.

Mr. and Mrs. Arthur Weston motored to Revelstoke for the holiday.

The Okanagan Community Club opened its winter session this week, the meeting being held at the home of Mrs. J. T. VanAntwerp.

Mrs. Hansen, of Trail, visited her daughter, Mrs. E. Barber, last week.

Miss Bessie Bell, of Vernon, and a friend, Miss Mitchell, were staying in Miss Bell's camp for two days recently.

Mrs. Perry, of Vernon, was a visitor to Mrs. Jack Woods last week.

Canadian National War Memorial

TO BE ERECTED IN CANADIAN CAPITAL

This huge horseman forms one of the figures in the Canadian national war memorial which is to be erected at Ottawa, the design and carrying out of which is by the March family of Kent, England.

Disastrous Fire Completely Destroys Two Lumby Hotels, General Store and Dwelling

Estimated Damage of \$80,000—
Portion of Losses Covered By
Insurance—Shields to Rebuild

LUMBY, B. C., Oct. 10.—The most disastrous fire in Lumby's history completely destroyed the main section of the town in the early hours of last Saturday morning.

The blaze which originated from an ascertained cause in the office of Shields & Company's store, at about 3:30 a.m., spread across the street to the Lumby Hotel, then to Morand's hotel, and razed the residence of Mrs. Cleophas Quesnel before being checked. The loss is estimated at \$80,000 and is substantially covered by insurance.

The Vernon Fire Department's truck was rushed east, and two hose lines were operated by the Forest Branch. This assistance, while too late to prevent the destruction of the blazing buildings, no doubt saved Lumby from being completely wiped out.

Although both hotels were more than usually occupied, all the residents were warned in plenty of time, and were able to escape without injury. A considerable amount of furnishings in the Lumby Hotel was saved, all the furnishings owned by Mrs. D. Inglis, Morand's Hotel, and the furniture and possessions of Mr. and Mrs. H. McCusker, who were occupying Mrs. Quesnel's house. Mrs. Quesnel is absent in Los Angeles.

Cartridges Give Warning
The first intimation of the fire was by a series of detonations caused by the explosion of cartridges and shells in the Shields store in which the fire started.

Sam Derry and Charles Christien on investigating, found the store in an uncontrollable blaze, which rapidly crossed the street and attacked the walls of the Lumby Hotel. Rapid warning was given everywhere and phone messages sent wherever possible, with a hurried alarm to the Vernon Fire Brigade, while the precaution of cutting off the Hydro Electric power was taken in order to avoid accidents.

Vernon sent in her small Godfridson pump and two Forestry pumps. The truck was driven bodily into Besette Creek, and a good length of hose was soon in good working order. With the limited means at hand a wonderful amount of help was soon forthcoming.

So fierce was the heat from the blazing furnace of Shields' store that windows in the stores and offices opposite were cracked, and a volunteer fire brigade did yeoman service as time and again roofs caught fire.

T. A. Norris, whose office is opposite the store gained entry through his back premises, and while water was poured over the roof managed to open his safe and save his records, having to cover his head from the heat which was unbearable.

A Mass of Ruins
Within a very short period Lumby seemed a mass of ruins, and at safe distances from the debris all kinds of household effects were collected.

Telephone and power poles were burned and charred, and wires were trailing all over the ground. One of the features that considerably brightened subsequent proceedings was the swift manner in which both these services were re-established, the Okanagan telephone being restored at 7:40 a.m., and that of the Hydro Electric before noon. With regard to the latter, if Lumby had been on the 33,000 volt system which crosses diagonally north-west of Lumby, the whole system of the valley would have been put out, but, being on the 6,000 volts circuit, the area affected when power had to be shut off was only local.

Messrs. Shields and Co. are fully insured as to buildings and a certain

amount of stock, but will lose heavily on all Christmas goods, which had just been imported some from the old country as well as all winter supplies and "grain" just laid in, but it is their intention to build again, and the manager, J. Highway, is to be commended on the splendid manner in which the store opposite was re-opened by noon with a good line of supplies hurried in from Vernon in time for shoppers from outlying districts.

To Build Again
News of the disaster was conveyed to Mr. Shields, who is in Victoria, by telegram, and his decision to build again is very encouraging to the district.

The store destroyed was built in 1912 on the most commanding corner of Lumby, and, numbering among its customers many people within a radius of several miles of Lumby, was quite an institution.

The Lumby Hotel, formerly the Ram's Horn was built in 1895 by Louis Morand, and has known many travellers, being the pivotal point for long distance travellers long before the common use of the automobile.

Mrs. W. Jackson, who, since the death a year ago of her husband, Walter Jackson, has been proprietress has very small insurance on it, amounting in all to \$6,000, and does not feel like re-building, she states.

Morand's Hotel is owned by Mrs. Sidelau, formerly Mrs. Louis Morand, of Victoria, and is understood to be insured.

Mrs. Cleophas Quesnel's house is also insured, and her loss has been communicated to her at Los Angeles.

No Pump Available
Deep anger is felt in some quarters that with the decision to close down forestry protection this year the forestry pump generally available here for fighting forest fires, was moved into storage at Vernon. Had this pump been available, as heretofore, there is no doubt but that a whole block, including Jackson's and Morand's hotels, and Mrs. Cleophas Quesnel's house would have been saved.

As it is, but for prompt action, the whole of Lumby would have been wiped out, and lives perhaps lost.

The origin of the fire is difficult to trace, but seems to have started in the office of the store, where, however, the stove had not been in use during the latter part of the afternoon.

Circus Enjoyed
A travelling circus visited Lumby on Friday evening last and was much enjoyed, particularly by the youngsters who patronized the merry-go-rounds and side shows.

Hanson Bros. of Cherryville, have returned from a few months' stay in the Cariboo.

M. Gibson is busy at Pinty for a few weeks.

Miss Best was visiting Mr. and Mrs. Fletcher, of Penticton, over the week end. Miss McKenzie is also a visitor to Penticton.

Smoke and charred material are still floating over Lumby as a result of the shocking fire which took place on Saturday.

Some were deploring the number of houses recently empty in Lumby, but this has proved a blessing in disguise for those rendered homeless by the fire.

Mrs. Walter Jackson and family are installed in the Despard house. Mrs. D. Inglis has re-opened the Ealmore Cafe in the Bonville Store, next door to T. A. Norris' office, while Mr. and Mrs. McCusker and family, who luckily saved most of their belongings are occupying the Deschamps house.

The chief request after the fire seemed to be for stove pipes, and had the Hydro Electric not acted quickly, coal oil and candles would have been at a premium.

Pythians Are Hospitable
The Knights of Pythias entertained all and sundry after the fire to hot coffee, toast and cake, which was much appreciated by those who had worked hard, and especially Vernon helpers who had to get back to work.

Much sympathy is felt for the school principal George Falconer, who is reported to have lost \$50 worth of books in the fire.

Her many Lumby friends are glad to hear that Mrs. W. Shields is rapidly recovering from an operation recently undergone at Victoria.

Harvest Festival Service was held in the Lumby Anglican Church on Sunday evening with the Rev. Mr. Brisco

CORRESPONDENCE

Thanks Mr. Bennett

Editor The Vernon News, Sir:

It is always well to give credit where credit is due.

I was at the Empress Theatre on Friday evening last, October 7 when some 2000 feet of film was burned up.

What happened goes to prove how free from fire hazard from the projection room our Theatre is. The projectionists did their duty when the fire occurred, and not a vestige of smoke or gas found its way into the body of the theatre.

I compliment Mr. Bennett and his staff, for the way they handled a nasty situation. The firm, calm way Mr. Bennett told the audience that there was "no danger from fire" had the desired effect.

Patrons of this theatre should have every confidence in the safety of the building.

In almost 100 per cent. of theatre disasters it is not the fire which causes the injury and loss of life, but the panic and subsequent stampede for the exits. It would be well for us all to remember this, when we hear some high strung "unfortunate" individual yell "fire" in a theatre.

Our thanks are indeed due to Mr. Bennett, who so ably sized up the situation and took proper action for the safety of all.

Yours truly,
E. W. Frowse, Mayor.
Vernon, B. C., Oct. 10, 1932.

Be Not Discouraged

Editor The Vernon News, Sir:

Like many others, I suppose, I have thoroughly enjoyed the informative addresses heard at the Canadian Club and always wished that our lady friends could have a similar privilege. I welcomed the formation of a Women's Canadian Club in Vernon accordingly.

It is particularly disappointing, therefore, that the feature of the inaugural meeting was so far short of the usual standard.

I hope that the ladies will not feel discouraged after last night, for I assure them they can look forward to better things, and I wish them every success and enjoyment from their new organization.

I feel sure that other members of the Canadian Club will concern in this personal expression from one very interested and private member.

Yours truly,
H. F. Beattie.
Vernon, B. C., Oct. 6, 1932.

HEROES OF WEST LIVE

ONCE MORE IN PICTURE

The Vanishing Frontier Tells

Of Early Days In California

Men and women famed in the history of the west live again—though under other names, in "The Vanishing Frontier," a picture starring Johnny Mack Brown, and featuring Evelyn Knapp, Zasu Pitts, Raymond Hatton and J. Farrell MacDonald, which plays at the Empress Theatre on Monday and Tuesday, October 17 and 18.

The picture is set in Old California, in the days after it had been ceded to the United States by Mexico, but before civil government had been set up. A military government enforced martial law.

Persons familiar with the history of the west will recognize in General Winfield and Captain Roger Kearney, two characters in the picture, two soldiers who later won fame in the Civil War.

Kirby Tornell, the role of a Robin Hood-ish sort of bandit, played in "The Vanishing Frontier" by Brown, resembles in many particulars a famous outlaw of the period, later captured and hanged. In the picture, however, he gives up banditry as a career after civil government has replaced martial law, and settles down with Miss Knapp, cast as General Winfield's daughter.

"Do you mind dogs entering here?" she asked at a public institution.

"We certainly do, madam," said the official sternly.

"Then will you mind Towser, please, while I look through the rooms?"

presiding, the decorations of flowers and other gifts being wonderful. The largest crowd Lumby has witnessed for some time came in from Vernon and other points on Sunday afternoon to view the scene of the fire.

NEW SCOUT TROOP FORMED IN CITY

All Saints' Anglican Church
Also To Sponsor
Wolf Cubs

All Saints' Anglican Church has agreed to sponsor the formation of a group of Wolf Cubs and Boy Scouts to supplement their young people's program. This group will function separately from the group already established at the Scout Hall.

It is being formed with the entire approval of the Provincial Commissioner, who feels that with the church assuming the responsibility of leadership, the new group is assured permanency. The group will function separately from the group already established at the Scout Hall.

The first meeting of the Committee has already been held, at which the following appointments were recommended: Scoutmaster, Noel Gillespie; Assistant Scoutmaster, Saxon Peters; Troop Secretary, Ivor Solly; Assistant Cubmaster, Colin Lefroy, who will act as Cubmaster for a month.

Regular meetings will commence on Friday, October 14, in the Scout Hall. H. G. Bartholomew will act as Scoutmaster until such time as Mr. Gillespie can take over.

The formation of a second group in Vernon has necessitated some changes in the first group, as a number of scouts in the latter are transferring. At a Court of Honor held last Thursday the following members of the 1st Vernon Troop were transferred to the 2nd: Patrol Leader S. Peters, Patrol Leader E. Coombes, Patrol Leader S. Northcott, Second C. Denison, Second R. Weatherill, Second C. Lefroy, Scouts H. Northcott, Holtam, R. Wright, R. Peters, K. Simms, and E. Drew.

The following promotions were also made: To be Instructors, Patrol Leaders G. Whiten and J. Peters; to be Patrol Leaders, Second J. Lishman, and T. Townrow; to be Second Scouts, R. Chapple, R. Finlayson and C. Child. Second W. MacDonald will act with Patrol Leader A. White.

Sets New Record In Highland Games

HEAVES 56-POUND WEIGHT 39 FEET, 9 INCHES
A braw hoister is G. Clark, of Dundee, Scotland, and he put plenty of action into his throw of the 56-pound weight at the Aboynie Highland games, recently, to set a new mark of 39 feet, 9 inches

VERNON'S THIRD VICTORY FOR THE ROTARY TROPHY

Teams From Four Schools Play
Tournament — Vernon A
Team Wins Points

For the third successive season the Vernon Elementary Schools soccer eleven came home with the Rotary Club trophy under their belts.

On the beautiful green of the Vernon Preparatory School, play got away on Saturday to a prompt start at twelve o'clock with teams representing Armstrong, Coldstream, Vernon Preparatory School, and Vernon (two teams) participating. Owing to the fact that Oyama was unable to field a team, and five teams were necessary to provide continuous play, Vernon sent a second team into the competition.

Though the brand of football in this year's tournament was, perhaps, of not quite such a high standard, the play was marked with much closer and keener competition, than prevailed in other years. No team was outstanding though Coldstream and the Vernon A team proved to be slightly stronger.

In the first encounter the Vernon A team was held to a draw by the V.P.S. boys, no goals being scored. Armstrong went down to a 1-0 defeat at the hands of Coldstream eleven in the second match. V.P.S. defeated the Vernon B team 1-0 in the third episode. Vernon As succeeded in notching the only goal in the following match to defeat Armstrong 1-0. The Vernon B team held Coldstream to a scoreless draw during the next twenty minutes. Armstrong obtained their initial points when they proved to be a little stronger than the V.P.S. team. Playing against their own school-mates the Vernon A team boosted their lead two points by defeating the Bs 2-0. Coldstream notched two goals against V.P.S. in the next twenty minutes to tie the score in both the first and second halves. In the last few minutes when he scored on a rebound from the Coldstream goal.

The table shows the results of the afternoon's play:

	Pts.	F	A
Vernon As	7	5	0
Coldstream	5	3	2
Armstrong	3	1	2
V.P.S.	3	1	3
Vernon Bs	2	0	3

FIRE DAMAGES WINFIELD HOME

Ott Burns Rushed To Kelowna
Hospital Suffering From
Extinguisher Fumes

WINFIELD, B.C., Oct. 11.—The home of Mr. and Mrs. A. M. Otaggett was slightly damaged by fire on Saturday morning about 11 o'clock.

A. Burns while passing the house saw smoke issuing from the roof and immediately notified Mrs. Otaggett. Mr. Burns climbed on the roof and chopped his way into the attic, the fire having originated near the chimney.

In the meantime the fire extinguishers had been obtained from the Winfield Co-operative packing house and a number of men had come to assist, so the fire was soon under control.

A. Burns had operated the extinguisher while confined in the attic with only a small opening above. Although he felt no ill effects immediately after the fire in about half an hour he began to feel ill and it was thought to have been caused by a nasty gas he received on his hand while removing the tin around the chimney. The ambulance was called from Kelowna and it was found he was suffering from poisoning from the fumes of the extinguisher. He was conveyed to the Kelowna hospital where he is progressing favorably. His many friends wish him a speedy recovery.

It was only last week that Mr. and Mrs. Otaggett, who are among the old timers of Winfield, celebrated their fiftieth wedding anniversary with a large family re-union.

Ray Liddons, accompanied by his son, Gordon, arrived from the Cariboo on Saturday and spent the week end with his mother, Mrs. J. Liddons. He returned on Tuesday, taking with him his daughter, Edna, who has been with her grandmother since the summer.

Friends of J. Todd will be pleased to hear he is progressing favorably in the Kamloops hospital after a serious eye operation. It is expected he will be in the hospital some little time.

VERNON HI WINS ANOTHER VICTORY

Crack School Squad Scores
Twice, Armstrong Fails To
Register

The Vernon High School's crack football squad continued its undefeated progress last Saturday afternoon at Armstrong when it registered a 2-0 victory.

Eddie Openshaw scored the only clean goal of the tussle, Vernon's other counter resulting from faulty head-work by Aslin, who tipped the pig-skin into his own net. Both counters were in the second half.

Homer Cochrane was the outstanding player on the field, although fine team work was continuously in evidence.

Next Saturday afternoon, Vernon plays at Kelowna.

The High School's junior and senior girls' softball teams also made the trip to Armstrong on Saturday. The juniors lost to Armstrong by 40-15, but the seniors defeated the same team 24-4. In a third tilt the seniors notched up another win against the wearying Armstrong aggregation, by an 18-10 count.

BADMINTON WILL START SATURDAY

1st B.C. Dragoons Club Mem-
bers Preparing Plans For
Winter Sport

Next Saturday afternoon play will commence at the Armory for the first time this year for members of the 1st B.C. Dragoons' Badminton Club.

Captain A. E. Berry, President of the club, and Captain E. M. Wilmot, Secretary, have been receiving the applications for membership and there are indications that participation in this popular winter sport will be greater than ever this season.

A number of inter-club tournaments with teams from other points in the Okanagan and the main line district are always arranged during the fall, but keenest interest in the shuttle game is evidenced near the conclusion of the season, in the spring, when the Armory is generally the scene of the Interior championships matches.

BASKETBALL CLUB NAMES EXECUTIVE

Representatives of Three Teams
To Superintend Activities
This Season

A new departure in the executive control of the Vernon Basketball Club was instituted at the annual meeting last Friday evening when instead of electing a President, Secretary, and other officers as in the past, it was decided merely to name representatives from the various local teams that will be entered in competition this year.

As a result, Charles White, for the Intermediate A boys; "Dolly" Gray, for the Intermediate B boys; and Bill Lee, for the Senior B men, will comprise the executive. The three teams mentioned are the only ones definitely assured as yet.

These representatives will have control of the club, and should the amount of business at a later date warrant it, a secretary will be appointed.

RONNIE DEAN IS GIVEN 9TH PLACE AMONG JUNIORS

With G. McKay, of Kelowna,
They Are Valley Players
In the B.C. List

Ronnie Dean, Okanagan junior singles tennis champion, has been judged ninth ranking junior contender in the province, according to the decision of the ranking committee, of which F. D. Nicholson, Bower Island, is chairman, and H. W. McLean, Vancouver, and C. Hugo Rayment, Victoria, the other members.

G. McKay, of Kelowna, has been placed as the tenth ranking junior, so it may be readily understood why the final between Dean and him was such a stiff encounter on the local courts this year.

To qualify for ranking a player must have played singles in at least two sanctioned B.C. tournaments. Dr. Jack Wright and Miss Marjorie Leeming, although two of the finest players in Canada, are therefore ineligible.

The committee gave premier position to the following Coast stars: T. Ossie Ryall, for the men; Miss Mary Campbell, for women; Colin Milne, junior boys; and Eleanor Young, junior girls.

STRONG DEFEATS KRUSE IN BOUT HELD IN VERNON

Kruse Unable To Answer Bell
In Sixth—Boxers Decide To
Grapple Instead

A small crowd at the Recreation Hall last Friday evening saw Jack Strong beat Ed Kruse in a featured wrestling bout. Kruse got a fall at the end of the third but was dumped to the canvas when Strong gave him a beautiful "airplane spin" in the closing seconds of the fifth stanza. He was unable to answer the bell for the sixth spasm and Strong was declared the winner.

Babe Belanger and Emil Jensen, who, like the wrestlers, have been touring the province, did not put on the gloves, as announced, for their bout. Jensen's face showed considerable battering as a result of many recent fixtures, and as the crowd was not very large it was decided that the boys would wrestle instead.

Evidently anxious for revenge, Jensen pinned his man in the second and fifth rounds for the decision.

In a three round boxing filler, Dave Henschke and Eddie Ryan drew.

Cub Reporter: I'd like some advice, sir, on how to run a newspaper.

Editor: You've come to the wrong person, son. Ask one of my subscribers.

A Canadian railway engineer has been sentenced to imprisonment because he ran his engine without a headlight. If this law is ever applied to motorists, they will have to put some additions on the prisons.

HOW GERMAN TREATMENT STOPS CONSTIPATION

Acting on BOTH upper and lower bowel, the German remedy Adolika stops constipation. It brings out the poisons which cause gas bloating and bad sleep. The Nolan Drug & Book Company, Ltd.

Merchandising Experts May Meet Businessmen for Discussion of Advertising Is New Suggestion

Newspapermen To Form Groups
In Four Localities To Assist
In Promotion Work

Representatives of about 30 newspapers attended the annual meeting of the B.C. and Yukon Press Association held in the Hotel Vancouver, Vancouver, on Friday and Saturday, October 7 and 8.

The sessions commenced on Friday morning and continued throughout the day in the splendid quarters of the hotel with adjournment at noon on Saturday.

Effective Merchandising
Newspapermen spent a very considerable portion of time in discussing the possibilities of promoting a keener understanding of the value of advertising by merchants and businessmen. It was stated that the owner or manager of a business in the smaller cities may not understand how to prepare effective advertising. If the advertiser does not pay, it dries up at the source. It was thought that if advertisers and newspapermen could combine to secure meetings with representatives of the larger wholesale houses who are interested in increased sales, to discuss advertising and its preparation, good business might result.

Groups to be Formed
In order to facilitate the making of such arrangements, it was decided that groups should be formed within the association and the following division was made: the Okanagan including Kamloops, Salmon Arm and possibly Revelstoke; with H. M. Walker, Enderby, convenor; Vancouver Island, the Fraser Valley; and the Kootenays and Creston.

One Strong Association
A motion which came up from the executive, that the members form a branch of the Canadian Weekly Newspaper Association, after a very full discussion, was not pressed.

Government Advertising
During the year the association has had prepared a digest of the legislation on the statute books of the province showing what must be advertised according to statute, and what might profitably be advertised. This complete document, a copy of which has been placed in the hands of each of the ministers, is also to be turned over to the Parliamentary Committee for discussion with the powers that be. The newspapermen are asking that the government advertise only measures which it will be profitable for the people of the province to be thoroughly acquainted with.

Better Off With Lower Pay
W. G. Hooker, of Spokane, Wash., gave an address on the tendency of the times in labor costs, showing that in very many instances though people in practically all walks of life have taken wage cuts, or a percentage off their salaries, they are in reality better off than before because of the shrinkage in genuine living costs.

Discussion of new processes and new machines on the market and what may be done to secure the return of business lost to "radio sheets" was considered very profitable.

Officers for Next Year
Officers for the year are: W. S. Harris, Vernon, re-elected President; T. A. Lyle, Grand Forks, First Vice President; Second Vice President, E. B. Mayon, Merritt; Secretary-Treasurer, J. E. Jamieson, Armstrong; Executive Committee, H. E. White, Kamloops; Chas. A. Barber, Chilliwack; T. Collinge, Ladysmith; G. W. A. Smith, Cloverdale; T. W. Green, Powell River.

Parliamentary Committee: Hugh Savage, Duncan; Ben Hughes, Courtenay; Chas. A. Barber, Chilliwack.

Resolutions of keen regret were passed at the resignation of H. M. Walker, Enderby, from the position of Secretary-Treasurer, a position he has capably filled for ten years.

The newspaper people were the guests of the Harbor Commission on Saturday afternoon on the M.S. Pispa, making a tour of the wonderful harbor of which most of them had heard so much and seen so little. The day was bright and sunny and the industrial plants as well as the scenic beauty of the surroundings could be clearly seen. One point thoroughly brought home was the unfairness of the situation which exists through the demolition of a span of the bridge to North Vancouver. That part of the city is being depopulated and the grain elevator there is useless, the expense of ferrying the grain being too great.

Lower Fraser Valley
Travel to Vernon over the Canadian National Railway, under the new schedule gives a person an entirely different

TEACHING SYSTEM CHANGE IS MOOTED

High School Methods Might Be
Adopted In Lower Grades,
Trustee States

ARMSTRONG, B.C., Oct. 11.—At the Tuesday evening meeting of the Armstrong and Spallcheen School Board, considerable discussion took place upon a suggestion put forward by a trustee that for the upper grades at least in the Public School, it might be desirable to appoint teachers to give instruction to all such classes in specified subjects, instead of the present plan by which a teacher takes one class continuously, in all subjects. The former plan is that followed in the High School, and it was stated that in some other places it had been adopted in public schools also.

Another topic of discussion was the desirability of all pupils in the entrance class of the public school writing examination for admission to High School, instead of being passed up by recommendation as is now done with a large number. It was suggested that this would desirably reduce the numbers passing on to High School, as some of those now recommended would be likely to fail if they wrote. The present system of recommendation had been chosen, it was suggested, because it avoided the expense of so many examinations, but that objection might be met in other ways. It was resolved that the Secretary should write to the Department of Education and inquire whether the Board would be authorized in requiring all candidates to write for entrance.

A silver goblet found among the fallen stones of a pyramid at Merce, Egypt, was cleaned of its heavy encrustations at the Boston Museum of Fine Arts, and found to be a beautiful piece of Greek workmanship.

ent ideas of the Fraser Valley to what can be had from travel on either line under schedules under which arrival at Vancouver was in the early morning and departure after dark. The Fraser river valley has a beauty all its own and about Chilliwack especially, the country seems to be most prosperous. Travelers on the car which runs through to Kelowna, rise at Armstrong and are ready for breakfast and a good day on arrival at 6:30 a.m.

IMPORTANT Auction Sale

Real Estate, Household
Effects, etc.
At 1.30 sharp
Thursday Oct. 20th

Try Miss McFarlane's Favorite Recipe for BISCUITS

1/2 teaspoon salt 4 teaspoons Magic
3 cups pastry flour 2 Baking Powder
(or 1 1/2 cups bread flour) 2 tablespoons shortening
3/4 cup milk, or half milk and half water

Sift together flour, baking powder and salt. Cut in the chilled shortening. Now add the chilled liquid to make soft dough. Toss dough onto a floured board and do not handle more than is necessary. Roll or pat out with hands to about 3/16 inch thickness. Cut out with a floured biscuit cutter. Place on slightly greased pan or baking sheet and bake in hot oven at 450° F. 12 to 15 minutes.

"For Light, Flaky Biscuits use Magic Baking Powder,"

says Miss M. McFarlane,
dietitian of
St. Michael's Hospital,
Toronto

"I RECOMMEND Magic because I know it is pure, and free from harmful ingredients."

Miss McFarlane's opinion is based on a thorough knowledge of food chemistry, and on close study of food effects upon the body. On practical cooking experience, too.

Most dietitians in public institutions, like Miss McFarlane, use Magic exclusively. Because it is always uniform, dependable, and gives consistently better baking results.

And Magic is the favorite of Canadian housewives. It outsells all other baking powders combined.

You'll find Magic makes all your baked foods unusually light and tender... and gives you the same perfect results every time.

Free Cook Book—When you bake at home, the new Magic Cook Book will give you dozens of recipes for delicious baked foods. Write to Standard Brands Ltd., Fraser Avenue and Liberty Street, Toronto, Ont.

"Contains no alum."
This statement on every tin is our guarantee that Magic Baking Powder is free from alum or any harmful ingredients.
